How We Can Help

Chapter 7 Bankruptcy

Chapter 7 is the most common bankruptcy filed. The most common as it's usually the least expensive yet most effective. It's designed to eliminate certain types of bills such as medical bills, credit cards, repossessions, pay day loans, certain judgments, and some other debts.

What to Expect

- 1 Initial Consultation Is Always Free** — In our first meeting, our office will go over your debts to discuss how much a Chapter 7 bankruptcy will cost and what it would do for you.
- 2 Our Office Basically Does It All For You** — We make the process as easy as possible for you to file. Once you decide to file, we will provide you with a list of a few items to gather. We'll handle the rest to complete your paperwork.
- 3 Effect On Your Credit** — The more time that passes from when you file the less effect the bankruptcy has on your credit. In our first meeting, we can go into detail on how to put all of this behind you to create a fresh start.
